

Improvements by corridor:

I-496 – Bridge Work

- Improvements to 33 bridges between Waverly Road and US-127, along with concrete pavement repairs along I-496.
- Lane closures will take place at non-peak times, including nights and weekends.

M-99 (Martin Luther King Jr. Boulevard) – Road Work

- One mile of pavement will be resurfaced between the Grand River bridge and Victor Avenue, along with sidewalk ramp upgrades.
- At least one lane of traffic will be open in each direction during construction.

US-127 – Bridge Work

- Improvements to three bridges between Lake Lansing Road and I-69.
- Bridge work will begin in fall 2012 with repairs to the US-127 bridge over an abandoned railroad track near State Road. The work will require a single-lane closure in each direction on US-127 for a maximum of five days. No work will take place during home football games at Michigan State University.
- The remaining bridge work will take place starting in spring 2013 with repairs to Lake Lansing Road over US-127, and State Road over US-127.
- On Lake Lansing Road, two westbound lanes of traffic will be open and one eastbound lane will be open during construction.
- For State Road traffic, the bridge will be closed and a detour posted.
- On US-127, two lanes will be open in each direction with a traffic shift.

S.B. US-127 – Auxiliary Lanes

- Auxiliary lanes will be added along southbound US-127 in two locations: between Lake Lansing Road and M-43 (Grand River Avenue), and between M-43 (Saginaw Street) and the I-496 ramps.
- The work will be similar to the auxiliary lanes added along northbound US-127 in 2012 in the same locations.
- Two lanes will be open on southbound US-127 with a shoulder closure and traffic shift during construction.

M-43 (Grand River Avenue) – Road Work

- Construction on M-43 (Grand River Avenue) will stretch between Coolidge Road and Park Lake Road, in Meridian Township.
- During construction, at least one lane of traffic will be open in each direction on M-43. Access to business and residents will be maintained at all times during the project.
- Construction involves resurfacing the roadway, along with intersection improvements and traffic signal upgrades.
- In addition, an 8-foot-wide pedestrian path will be added on both sides of M-43 between Bogue Street and Brookfield Drive, just east of Hagadorn Road.

Michigan Avenue – Road Work

- Construction on Michigan Avenue will stretch from Harrison Road to the M-43 (Grand River Avenue) split.
- The Harrison Road and Beal Street intersections will be reconfigured.
- At least one lane of traffic will be open in each direction on Michigan Avenue during construction.

MDOT's 2013 Capital Investment

In 2013, the Michigan Department of Transportation (MDOT) will invest more than \$25 million on four busy corridors in the Greater Lansing and East Lansing areas. Significant improvements are planned along I-496, US-127, M-43 (Grand River Avenue) and M-99 (Martin Luther King Jr. Boulevard). Overall, construction involves work on 39 bridges, repairs to 9 miles of highway, installation of intelligent transportation cameras and message boards, traffic signal modernization, and enhancement projects.
